Workshop on GROUND WATER SCENARIO AND QUALITY IN CHHATTISGARH

**(4th and 5th March 2009)
At
Raipur**

Organised by:

**Central Ground Water Board
Govt. of India
North Central Chhattisgarh Region
2nd Floor, Reena Apartment
Pachpedi Naka
Raipur, Chhattisgarh**

ABOUT CGWB

Central Ground Water Board (CGWB) as the apex organisation at national level is working in the field of monitoring, assessment, management and protection of ground water resources of the country. This department is doing commendable job related to this life saving fluid for the last five decades.

The Board undertakes its activities through 18 Regional Offices, 17 Engineering Divisions and 11 State Unit Offices located in different parts of the country.

Since its inception, North Central Chhattisgarh Region (NCCR), Raipur is involved in study of various aspects of ground water resources of Chhattisgarh state and is providing essential technical inputs for planning and management.

The present workshop is an effort to facilitate effective sharing of scientific knowledge and experience among the stakeholders.

RAIPUR: THE VENUE

Raipur is the capital city of Chhattisgarh State. The city is situated on Chhattisgarh Plain, which is famous for Rice cultivation. The city is named after the great Kalchuri King Rai Brahmddev. The city is situated on National Highway No-6 and is well connected by South Eastern Railway through Mumbai-Howrah line. It is well connected with rest of the country by Air as well.

PROGRAMME

The Workshop will be held on 4th and 5th March 2009, at Raipur. The workshop will comprise registration, inauguration, technical sessions and valediction. Focus of the technical sessions on 4th will be on Ground Water Scenario in Chhattisgarh and on 5th, deliberations will be related to ground water quality in Chhattisgarh. Selected papers will be invited for presentation in the technical sessions.

WORKSHOP THEMES

The workshop is being organised with the following broad themes.

1. Ground Water Scenario in Chhattisgarh

Spatiotemporal variations in ground water resources.
Monitoring and assessment of ground water resources.
Development of ground water for domestic, agriculture, industry, mining and other activities.
Rainwater harvesting and artificial recharge.
Management of ground water resources and issues like legislation, pricing, public participation etc.

2. Ground Water Quality in Chhattisgarh

Ground water quality issues in Chhattisgarh
Impact of agriculture on ground water quality
Impact of urbanization, industrialisation and mining on the quality of ground water.
Alternative sources and remediation measures.
Wastewater management

CALL FOR PAPERS

Papers on the above themes are invited for the workshop. Intending authors may send the manuscripts as per the guidelines given below, so as to reach this office by **31st January 2009**.

GUIDELINE FOR PREPARATION OF MANUSCRIPTS

Types of papers include original research papers, review papers, case studies, topical essays etc. Papers may be in Hindi or English. The paper should include a brief abstract. Tables and Figures may be submitted as separate files or may be embedded in the text. Two copies of the manuscript typed in A4 size paper along with a soft copy (.doc or .rtf) in a CD may be sent to this office. Manuscripts may also be sent by email (rdnccr-cgwb@nic.in).

REGISTRATION

The workshop is open to all and there is **no registration fee**. However those who are willing to attend are requested to fill in the Registration Form and send it to the Regional Director, CGWB, Raipur.
